Station Madras, *Dated the* 4th April 1940.

From (Name) Lieut-Col.S.C.Contractor,M.B.,I.M.S.,
(Designation) Chief Inspector of Certd.Schools.

To The Secretary to the Government of Madras,
HOME Department.

Sir,

(A) para 4 p.41 In G.O.No.Ms.1410, Home Department, dated 20-3-1940 Government have called for proposals for the appointment of a Secondary Grade Tamil Teacher in the Junior Certified School, Bellary for teaching the boys in the newly opened VI Standard.

At ~~the~~ present the sanctioned strength of the teachers in the Junior Certified School, Bellary is as follows:-

2 Secondary Grade Telugu Teachers -- Permanent.
5 Higher Elementary Grade Tamil Teachers. -- Temporary.

B

The posts of the 5 Higher Elementary Grade Tamil

/P.T.O.

Tamil Teachers were sanctioned in G.O.No.Ms.808,Home Department, dated 12-2-1939, G.O.No.Ms.1142,Home Department dated 3-3-1939 and G.O.No.Ms.36, Home Department, dated 4-1-1940.

(B) p 6
(C) p 2
(D) p 5

Since the two Secondary Grade Teachers attached to the school are Telugu Teachers they are not able to handle the Tamil boys in the newly opened VI Standard. Hence a Secondary Grade Tamil Teacher only is quite essential. Moreover, it is also proposed to introduce English for Standards IV and V in the school and it is not possible to manage unless a Secondary Grade Teacher is appointed.

A

I therefore request that Government may be pleased to sanction the appointment of a Secondary Grade Tamil Teacher to take the boys in the newly opened VI Standard.

The extra expenditure involved will be met from the sanctioned budget grant under the relevant head and reappropriated if and when necessary.

As regards the inadequacy of the Petty Officers' Staff referred to in para 2 of G.O.No.1410, Home Department, dated 20-3-1940 and the proposal to entertain unqualified candidates till qualified candidates are available a separate communication will be made.

It is observed from the statements showing the arrangement of curriculum (literary), the distribution of duties among teachers in the junior certified school, Bellary, etc. forwarded with the C.I's. letter dated 25.5.40, that during certain periods, the sixth assistant has to handle two different classes and to teach two different subjects in the same period. It is presumed that this arrangement has been resorted to because of the want of strength of the teaching staff. The C.I. is requested to say whether it is ~~not~~ possible ~~for him~~ to reduce the number of periods ~~taught~~ for each standard in certain subjects such as ~~story telling~~, ~~civics~~, general knowledge, ~~etc.~~ and Tamil poetry, or ~~Drawing~~ to abolish drawing & the subject shown as "non detailed".

From (Name) Lieut-Col.S.C.Contractor, M.B., I.M.S.,
(Designation) Chief Inspector of Certified Schools.

To The Secretary to the Government of Madras,
HOME Department.

Sir,

p 6-9 ante

The time table referred to by the Government and sent to this office for reference was for the year 1939-40. According to the then existing arrangements, the sixth Assistant did not handle two different classes to teach two different subjects in the same period but a teacher could handle two different classes and teach two different subjects, one in the forenoon and the other in the afternoon. There is no need to reduce the periods or to abolish any subjects.

B

The general time table and the teachers' time table are reported to have been changed since the beginning of

16

of the current school year. Please see copies of the revised time tables furnished. pp 17-19 infra

The enclosures received along with the Government Memorandum quoted above are herewith sent. pp 6-9 ante

HOME DEPARTMENT.

C.No.10963 G. From the C.I. of Certified Schools, No.1185-B.2.40 dated 4.4.1940.

CHILDREN ACT - Junior Certified School, Bellary - Secondary grade tamil teacher - Appointment of.

--

Please see the answer to question No.29 on p.12 of G.O.No.1410, Home, dated 20.3.40, and para 4 of the G.O. regarding the appointment of an additional Secondary grade teacher in the junior certified school, Bellary. The C.I. has now submitted proposals for the appointment of an additional secondary grade tamil teacher in the school.

2. The present strength of the teaching staff of the school is as follows:-

Permanent.

Two secondary grade telugu teachers.

Temporary.

5 Higher elementary grade tamil teachers.

According to the existing sanction, the strength of the temporary staff should be reduced if the strength of the school falls below 280 (on the basis of one teacher for every 40 pupils). The present strength of the school is 343*. There is, therefore no case for reduction.

3. The C.I. has stated that a secondary grade tamil teacher is essential for handling the tamil boys in the newly opened sixth standard and to teach English which is proposed to be introduced in standards IV and V of the school. It is also not clear whether teachers employed for language subjects such as Tamil and Telugu, take up classes in subjects other than the languages and if so, in

22

what subjects. The C.I. may be asked to forward clear statements showing -

(1) the arrangement of the curriculum, literary and vocational, according to the periods for each standard,

(2) the strength in each standard, Telugu, Kanarese, Tamils, etc. being noted separately, and

(3) information on 'B' ~~above~~ ci-dessus

A draft Memo. is submitted for approval.

From the " " reply T.M., d. 10.6.40.

With reference to the memo. at p.3 c.f., the C.I. has submitted four statements furnishing the information called for.

pp 6-9 cf

2. With reference to 'B' on p.1 ante, it is seen from the C.I's. reply t.m. at p.2 of 'Z' that the distinction between the teachers employed in the school is not as between those who teach only language subjects such as Tamil and Telugu and others who take up subjects other than these languages, e.g. drawing, history, elementary mathematics, etc. It is also seen that, generally, each teacher handles all the subjects of the class allotted to him.

cf Statement on p9 cf & p2 cf (Z')

cf Statement on p9 cf

3. Please see portion 'A' of para 2 on p.2 c.f. It would appear that English has already been introduced in standards IV and V in the school - vide table below showing how the English periods of standards IV to VI are at present handled in the school:--

(indicated in blue pencil)
vide horizontal cols (1) to (5) cf Statement on p6 cf.

Standard.	Section.	Day.	Teacher handling the class.
VI	(Telugu boys	Monday and Saturday	Senior teacher
	(Tamil boys	Monday and Thursday	Sixth Assistant
V	(Telugu boys	Wednesday and Saturday	Senior teacher
	(Tamil boys	Tuesday and Saturday	Sixth Assistant
IV	(Telugu boys	Tuesday and Friday	First Assistant
	(Tamil boys (a) section	Monday and Thursday	Sixth Assistant
	(" (b) section	Tuesday and Friday	Sixth Assistant

4. From statement No. IV submitted by the C.I. it will be seen that the senior teacher and the first assistant (who are secondary grade Telugu teachers) manage between themselves the Telugu sections of standards I to VI of the school. It is seen that two classes (Telugu sections only) are grouped together under one teacher and that, during the same period, one subject is taught to one standard while a different subject is taught to the other standard, e.g. Telugu prose to the VI standard and English to the V standard during the 2nd period on Wednesdays. This arrangement has been possible apparently because the individual strength of each standard (Telugu sections only) is low so that the combined strength of two classes is well within the prescribed maximum of about 40 pupils in each section.

5. As regards the boys in Tamil sections (totalling in all 247) five Higher Elementary grade Tamil teachers manage to handle them. The total number of Tamil sections in the school is 10, (3 in III standard, 2 each in I and II standards and one each in I, V and VI standards). Each Tamil teacher handles one section in the morning and another in the evening. As the population of the school is divided into two groups so that one group attends vocational classes in the morning session while the other group attends literary classes and vice versa in the afternoon, it has been possible for the five Tamil teachers to manage 10 Tamil sections among themselves. The hours of work done by each teacher in the school compare as shown below:--

Designation.	No. of periods of 45 minutes' duration, in a week.
Senior teacher	42
First Assistant	40
Second "	40
Third "	36
Fourth "	40
Fifth "	39
Sixth "	41

6. In this connection, it would be seen that besides his regular classes, the sixth Asst. of the school has been deputed to handle English in standards VI, V and IV (Tamil sections). From the time-table at p.9 c.f. it will be seen that during the following periods the sixth Asst. has been asked to handle two different classes and to teach two different subjects:—

'A'

Monday	2nd period (forenoon)	English for VI standard and Nature Study for V standard
Tuesday	2nd period (afternoon)	English for IV-B standard & Drawing for VI standard.
Thursday	4th period (forenoon)	English for IV-A (ordinarily he would have leisure during this period)
Friday	2nd period (afternoon)	English for IV-B and Drawing for VI standard.

The C.I's. present proposals are apparently intended to remedy this state of affairs. His proposal to appoint an additional tamil teacher in the school seems therefore reasonable and may be accepted.

The C.I. has proposed that the additional teacher may be a secondary grade tamil teacher. A secondary grade teacher has been asked for presumably for the reason that he should be fit to handle VI standard and to teach English to standards IV

26

~~6.~~

and V. This may be accepted. The post may, in the first instance, be sanctioned temporarily for a period of one year. The cost of the proposal will be Rs. 360 per annum (for a year)

7 It may be noted that the transfers of pupils in the two certified schools at Bellary and Ranipet ordered in G.O.No. 1737, Home, dated 12.4.40, to take effect after May, will not affect the proposal in question, as the net result of the transfers will be an addition of about 60 pupils in the Bellary school. Only a Lower Elementary grade teacher (Urdu) will be transferred from Bellary to Ranipet along with the boys and hence the necessity for a secondary grade tamil teacher will continue to exist in the Bellary school.

8 As the proposal is due to normal increas of work and as the extra cost involved is not large, it is perhaps not necessary to treat this as a Part II scheme. The remarks of Fin. may be invited.

(Please see para 2 of G.O. No. 1410, Home, dated 20.3.40, para 5, p.2 c.f. and para 2, pp. 4-5 c.f. No action seems called for.)

The proposal of Home to sanction the appointment of an additional S.S.L.C. Tamil Teacher on Rs 30 p.m. in the Junior Certified School, Bellary involves an extra recurring cost of Rs 360/- per annum.

2. The following statement shows in one view the population and staff of the school from time to time since 1936:-

Year.	Population.	Teaching staff.	Remarks.
1936	246	3 teachers	
1937	326	5 teachers including 2 addl. Tamil teachers sanctioned in G.O. 146 Home, dated 11-1-37.	
1938	401	7 teachers including 2 addl. Tamil teachers sanctioned in G.O.103 Home, dated 5-1-38.	
1939	359	7	
1940(18-1-40)	343	7	

In G.O. 103 Home, dated 5-1-38, the Govt. sanctioned 2 additional teachers for the school in view of the increase in population in 1937. There was a further increase in the population in 1938 viz., 401; nevertheless it was found possible to manage with the existing staff of 7 teachers. Compared with the position in 1938, there has been a substantial fall in population in 1940. Further as the standard of instruction etc. in the Certified Schools is not the same as in the Education Department it does not seem necessary to employ teaching staff on the scale laid down in the Madras Educational Rules. Having regard to these considerations, the case for an additional teacher at present seems to be very weak. Moreover it may be mentioned in this connection that the Govt. have recently

ordered in G.O. 1737 Home, dated 12-4-40 the transfer of all Urdu and Telugu boys from the Ranipet School to Bellary and all Malayalam boys from the latter place to Ranipet after the close of the school year in May 1940. It is not known how the school strength stands after this tranfer. As information on this point will ~~certainly~~ facilitate an examination of the proposal, the Home Department may be requested to obtain in the first instance information about the present strength of the school with full particulars about the languages of the ~~institutions~~ inmates, etc.

Please see the Fin note on pp 7-8 ante. For the reasons stated at 'A' and 'B' in their note, they consider that the case for the employment of addl staff in the school is weak. The following may be noted:-

p7 ante

'A' in Fin note

p 7 ante

The Fin dept have compared the present population of the school with that in 1938. But it may be noted that the present proposal has been urged by the C.I. for the reasons stated in para 2 of his letter and not on the grounds of any change in the increased population in the school. Those reasons were examined by this dept in paras 4-6 of the note on pp 4-5 ante and found reasonble.

'B' in Fin note

This remark of the Fin dept as to 'the standard of education in the certified school' is not clear. It is seen that classes up to the VI standard have been opened in the school and they apparently follow the course of instruction prescribed for similar standards in the Education dept. As for the difficulties or otherwise of imparting education to a class in the certified school when compared to a class of the same standard and strength in the Edn dept, it may be conceded that it would be easier to teach a class of boys (say 40 strong) in a school in the Edn dept than to teach a class of similar strength, of ~~boys who have been definitely proved to be a set of handicapped delinquents.~~ potential criminals.

the proposal in question, as it would involve a net addition of pupils in the J.C. School, Bellary. It may also be noted that the ~~that~~ the C.I. has since ordered the transfer of 49 tamil speaking pupils from Ranipet to Bellary with a view to relieve overcrowding in the j.c.school, Ranipet. This would mean an addition of 49 pupils in the Bellary school when the transfer is effected.

Para 2 of Under Secretary's note on p. 10 ante

Submitted that there has been no change since 1938, in the general system of training (literary and vocational), imparted to pupils in the certified schools.

Para 3 of Under Secretary's note: 'A' of the note: Under rule 284-E(10) of the Prison Manual, the superintendent of a jail is also the educational head of the institution. On that analogy, the headmaster of a certified school is the head for educational matters as far as his certified school is concerned. It would, therefore, appear that the allotment of work between the school assistants under him (by fixing the time-table and the number of periods for each teacher etc.) is also done by him (the headmaster). The time-table is subject to the approval of the C.I.

'B' of the note: Submitted that there seems to be no objection to ask the headmaster to revise the time-table suitably as suggested, but it is presumably because of the want of strength of teaching staff that this arrangement has been resorted to.— please see para 6 on p. 5 ante.

Para 4 of Under Secretary's note: In the schools under the Education department, there shall be at least one regular teacher for every 40 pupils on the rolls - vide rule 71 of the Madras Educational Rules extracted at 'L' and portion X on p. 1 ante. On the basis of the strength of the pupils, there is a case for an additional teacher, as the present strength is 343 and there is an expected addition of 49 pupils from Ranipet (for the present strength of 7 teachers the strength that can be properly handled is 280.)

This Please see page i of the pamphlet which shows that drawing is an optional subject. This may perhaps be abolished as not serving any very useful purpose in a certified school. I doubt if any drawing can be taught usefully by a master teacher unless he has some talent in it is direction There is also a subject shown as "non-detailed" This could also be dispensed with. If approved the suggestion may be put in the C.I. & draft memo below issued. This will relieve the strain on the teachers.

Please see the memo. on p. 12 c.f. and para 1 of C.I's. letter on p. 15 c.f. The C.I. has stated that there is no need to reduce the periods or to abolish any subjects as suggested in the memo. p 15 cf. This ~~is not~~ does not seem to be a correct reply to the memo. He was asked to consider the feasibility of reducing the number of subjects to be taught. p. 12 cf Presumably the C.I. is against the proposal.

With reference to portion 'B' in para 1 of the C.I's. letter, please see para 6 of the note on p. 5 ante. p 15 cf If, as now stated by the C.I., the sixth assistant did not handle two different classes and teach two different subjects in the same period, then the time table on p. 9 c.f. should be taken to have been incorrectly drawn up. The new time table at p. 17 c.f. does not show the sixth assistant as handling two different ~~subjects~~ classes or teaching two different subjects in the same period.

2. With reference to portion 'C' of Fin. note on p. 8 ante, please see the statement furnished by the C.I. on p. 14 c.f. The total population of the

+ 84

school shows an increase from 343 on 18.1.40 to 393 on 2.8.40. The latter figure did not apparently take into account the transfer of 51 tamil speaking boys from Ranipet to Bellary ordered by the C.I. in his proceedings dated 29.7.40. Hence the present population of the school should be taken to be 393 plus 51 or 444. As the population of the junior certified schools is ~~daily~~ increasing, it seems unnecessary to ask the C.I. to furnish particulars as to the strength in each class, with details as to the languages of the inmates etc. at each stage. The statement on p. 14 c.f. would seem sufficient for the purpose on ~~hand~~.

3. With reference to portions 'A' and 'B' of the Fin. note, their attention may be invited to the note on p. 9 ante and also to the note on p. 11 ante under 'para 4 of U.S's. note' - please see also the ~~marginal~~ Under Secretary's marginal note against that para.

51 Tamil speaking boys from Ranipet school, it will rise to 444. In view of the large increase in the strength as compared with 1938, it is submitted that this department may accept the proposal to sanction an additional Secondary Grade Tamil Teacher for the Junior Certified School, Bellary.

The post may be sanctioned temporarily for a period of one year subject to the condition that it should be abolished ~~in the meantime if~~ whenever the population falls below 320. As the population is due to normal increase of work and as the cost viz., Rs 360 is within the limit of Rs 2,500 per annum, it is not necessary to treat it as a Part II scheme.

From the statement showing the distribution of duties among teachers in the junior certified school Bellary, forwarded with your letter No.1185/B2/40 dated 25/5/40, it is observed that ~~there is no distinction between the teachers employed in the school, as those who teach only languag subjects~~ teachers who teach language subjects such as Tamil and Telugu ~~and others who take up~~ also teach subjects other than these languages such as drawing, histor elementatry mathematics etc. It is also seen that genrally each teachers handle all the subjects of the class allotted to him. ~~For~~ eg. the fourth assistant takes up all literary classes for forms III-A and III-B (Tamil). It is, therefore, not clear why in your letter cited above, it has been reported that teachers employed for language subjects such as Tamil and Telugu do not take up subjects other than ~~their own~~ language. The discrepancy may ~~please~~ kindly be explained.

Sub: Children Act - Junior Certified School, Bellary,
Secondary Grade Tamil Teacher - appointment of -

REF: Govt. Telephonic Message dated 3-6-40.

Teachers who are appointed for language subjects such as Tamil and Telugu also teach the other subjects such as Drawing, History, Elementary Mathematics etc., as class teachers, in the particular language. That is, teachers employed for Tamil take all these subjects in Tamil only. So also is the case with the Telugu teachers, that is to say they teach such subjects in Telugu. What was meant in my letter No.Roc.1185/B.2/40, dated 29-5-40 was that a teacher employed for a particular language say Tamil or Telugu does not teach his subjects in a language other than his own.
